FY2027 EXECUTIVE BUDGET HEARINGS BEGIN TODAY

The Ministry of Finance and Development Planning (MFDP) is set to begin the Executive Budget Hearings for Fiscal Year 2027 on Thursday, October 1, as the Government of Liberia moves forward with preparations for the 2027 national budget.

UP CHAIRMAN DRAGS CDC, WEAH INTO LONE STAR NIGHTMARE

Unity Party (UP) Chairman who is head of the National Lone Star Mobilization Committee, Rev. Luther Tarpeh, has launched a blistering attack on supporters of the opposition Congress for Democratic Change (CDC), accusing them of praying for the national team to lose and of displaying "detestable reasoning" and "unpatriotic characteristics."

Tarpeh's outburst, posted on his official Facebook page late Tuesday following Liberia's recent international fixtures, has sparked a heated political debate, with critics accusing the ruling Unity Party stalwart of dragging his 2023 election victory over the CDC into football matters.

In a long, emotionally-charged statement, Rev. Tarpeh thanked Liberians for turning out to support the Lone Star, but quickly turned his attention to CDCians who had criticized his appointment and his role in highlighting the team's challenges to the government.

"We want to thank the Liberian people for their unflinching support to the Lone Star today. The turnout was amazing! Rome was not built in one day. Let us not be discouraged! Let us support our national team until we build a formidable and competitive team in Africa," Tarpeh wrote.

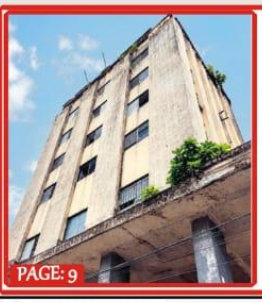

He then questioned why CDCians were blaming him for elevating the plight of the Lone Star to the national government.

He said: "In the same vein, it behooves me that some CDCians are blaming us for elevating the plights of our Lone Star to our national government? Wow! Are you still bittered that Luther Tarpeh and Amos Tweh and others led the political campaign that dislodged you from the helm of power in this country? And that defeat has rendered you mentally deranged that you can no longer distinguish between politics and an act of patriotic service?"

Tarpeh, who served as Chairman of the ruling Unity Party and was a key strategist in the 2023 campaign that ousted former President George Weah, said he remains unshaken. "Don't worry, I am still here. No leave. No transfer."

In a direct jab at former President Weah, who is Liberia's most celebrated football icon and the only African to win the Ballon d'Or, Tarpeh said: "Your political leader played the game and even used the football platform to gain national and international prominence and yet he did nothing to promote the National Team during his regime." He argued that if
